

Field of Screams & Corn Cob Acres

Sunday, October 20

Please complete this reservation form if you plan to attend the Field of Screams on Sunday, October 20. To avoid delay and confusion on the day of the event, each family/swimmer is asked to complete and return this reservation form by the conclusion of practice, Wednesday, October 16 (you may upgrade your pass after arriving at the Field of Screams). The Field of Screams staff requires all groups to pay as a group (one person has to purchase tickets for everyone). Checks, payable to "Collegiate Aquatics", or cash accepted.

The "Field of Fun," known as [Corn Cob Acres](http://www.corncobacres.com/) is the friendlier (and daylight) side of the world famous Field of Screams haunted attraction, located in beautiful Lancaster County. You and your family will enter through rows of corn that open into a park-like setting filled with kid friendly games and activities. The admission price includes numerous features; face painting, hayride, kid's corn maze, pumpkin picking, corn shock tunnel, haystack slide, and more.
